INOVATIVNI LEŽAJ ZA LUKSUZNE RITUALE NJEGE TIJELA
INNOVATIVE TABLE FOR LUXURIOUS BODY RITUALS

EDEN je inovativni ležaj osmišljen za izvođenje luksuznih rituala njege tijela u potpunoj udobnosti. Njegova zagrijana površina, topla voda i kromoterapija stvaraju jedinstveno okruženje koje opušta tijelo i priprema kožu za rituale pilinga, njege i masaže.

Za razliku od klasičnih mokrih tretmana, EDEN omogućuje izvođenje cijelog rituala na jednom mjestu, bez potrebe za premještanjem klijenta, pružajući neprekinut osjećaj topline, udobnosti i opuštanja.

Svaki tretman na EDEN-u osmišljen je kako bi spojio učinkovitu njegu kože s dubokim osjećajem relaksacije, pretvarajući njegu tijela u jedinstveno iskustvo za sva osjetila.

EDEN is an innovative treatment table designed for luxurious body rituals in complete comfort. Its heated surface, warm water and chromotherapy create a unique environment that relaxes the body and prepares the skin for exfoliation, nourishing treatments and massage.

Unlike traditional wet treatments, EDEN allows the entire ritual to be performed in one place, without the need to move the client, providing a seamless experience of warmth, comfort and deep relaxation.

Every treatment performed on EDEN is designed to combine effective skincare with profound relaxation, transforming body care into a unique sensory experience.

EDEN TRETMANI / EDEN TREATMENTS:

Oriental black soap ritual

RITUAL MAROKANSKOG CRNOG SAPUNA

60 min | 100 €

Inspiriran tradicionalnim marokanskim ritualima njege, ovaj tretman započinje nanošenjem autentičnog crnog sapuna bogatog maslinovim uljem koji omekšava kožu i priprema je za dubinsko čišćenje.

Nakon djelovanja sapuna slijedi eksfolijacija kessa rukavicom koja nježno uklanja odumrle stanice kože, potiče mikrocirkulaciju i ostavlja kožu iznimno glatkom i obnovljenom. Ritual završava toplom vodom i hranjivom njegom tijela.

Inspired by traditional Moroccan bathing rituals, this treatment begins with the application of authentic black soap enriched with olive oil to soften the skin and prepare it for deep exfoliation.

The skin is then gently exfoliated using a traditional kessa glove to remove dead skin cells, stimulate circulation and reveal smooth, renewed skin. The ritual is completed with warm water and nourishing body care.
